

WHAT EVERY BOATER
NEEDS TO KNOW ABOUT THE
LYNNHAVEN RIVER

NO DISCHARGE ZONE

LYNNHAVEN River NOW

Restoring a legend.

HRSD Pump Out Service

From Memorial Day to Labor Day, as part of the Boater Education and Pump Out Program, HRSD will come to your dock to pump out your boat at no charge, first come, first served basis. To schedule an HRSD pump out, call 757-460-4253. Supported by VDH and City of Virginia Beach

Help us to spread the word about the No Discharge Zone by displaying an NDZ sticker on your boat.

To obtain a sticker, contact the LRNow office at 757-962-5398 or kforget@lynnhaven2007.com or ask at your marina office.

We All Want Clean Water

We all want clean water and everyone can help us reach that goal and protect the health and beauty of the Lynnhaven River.

After three years of work, in May, 2007, the entire Lynnhaven River was designated a No Discharge Zone. We are the first tidal river in Virginia to have this designation and only the second No Discharge Zone in the State.

After two years of the No Discharge Zone, we believe it is contributing positively to reducing fecal coliform bacteria in the River and helping us to maintain 31% of the River as safe for shellfish harvest.

What does this mean to you, the boater?

NO BOAT IS ALLOWED TO DISCHARGE A HOLDING TANK INTO THE RIVER.

If your boat has a deck mounted valve (a Y valve), you are required to have a lock on the valve at all times in the Lynnhaven River.

And third, when your holding tank is pumped out, the pump operators will place dye tablets in your holding tank. If your system leaks or you discharge illegally, the discharge will be bright green in color.

The Coast Guard and the Virginia Beach Marine Police have the power to issue citations. Prosecution can result in a \$1,000 fine.

Where Can I Pump Out?

Pump out facilities are available in the
Lynnhaven River at the following locations:

-  **Long Bay Point Marina**
2101 W. Great Neck Road
Lat 36 54.29101, Long 76 4.29301
